All of These Buildings Are Part of the Stuyvesant Square Hospital

OFFICERS

For the year 1931

President

Ancell H. Ball.

Honorary Vice-Presidents

Robert Fulton Cutting. Edwin Gould.

Honorary Governors

Rev. G. Arnold Carstensen. Herman A. Metz.
Chester S. Lord, LL.D. William Lawrence Saunders.

Vice-Presidents

J. Edwards Wyckoff.
James G. Blaine. George Barton French.

Treasurer

Harris A. Dunn.

Assistant Treasurer

Gilbert P. Taylor.

Secretary

G. Forrest Butterworth, Jr.

BOARD OF GOVERNORS

Class of 1931

Harris A. Dunn.
John Vosburgh Irwin.
Frederick M. Johnson.
Arthur J. Slade.
Charles Seymour Whitman.
Waldron P. Belknap.
James G. Blaine.
George Barton French.

Class of 1932

Ancell H. Ball.
John Howes Burton.
Frederic Haas.
H. Hilton Railey.
John Reid, Jr.
Franklin Simon.
Richard A. Strong.
J. Edwards Wyckoff.

Class of 1933

G. Forrest Butterworth, Jr.
Charles M. Connfelt.
Mrs. Samuel Adams Clark.
Edmund Dwight.
Winchester Noyes.
Hon. James A. Foley.
Gilbert P. Taylor.

STANDING COMMITTEES

Executive Committee

Ancell H. Ball, *Chairman.*

Messrs. Wyckoff, Irwin, Blaine, Haas, Dunn, Dwight, Johnson and Butterworth.

Finance Committee

Harris A. Dunn, *Chairman.*

Messrs. Noyes, Strong, Whitman, and Ball, *ex-officio.*

Nominating Committee

Frederick M. Johnson, *Chairman.*

Messrs. Haas, Butterworth and French.

LIST OF OFFICERS AND MEMBERS OF THE BOARD OF GOVERNORS OF THE NEW YORK SKIN AND CANCER HOSPITAL AND THEIR TERMS OF SERVICE

President Emeritus

J. Cleveland Cady 1917-1919

Presidents

G. Hilton Scribner 1883-1885
W. Q. Riddle 1885-1889
John D. Archbold 1889-1893
J. Cleveland Cady 1893-1917
Elijah D. Murphy 1917-1928
Ancell H. Ball 1928-

Honorary Vice-Presidents

Edwin Gould 1928-
Robert Fulton Cutting 1929-

Vice-Presidents

Chandler Robbins 1883-1885
John D. Archbold 1885-1889
Fred H. Gibbens 1889-1892
Washington Wilson 1892-1893
John E. Eustis 1893-1897
William C. Witter 1897-1910
J. Edwards Wyckoff 1910-
James G. Blaine 1928-
Heber Smith 1928-1930
George Barton French 1930-

Treasurers

Edward Winslow 1883-1905
A. R. Kimball 1905-1928
Harris A. Dunn 1928-

Assistant Treasurer

Gilbert P. Taylor 1928-

Secretaries

E. E. Chase 1883-1885
Frederic Haas 1885-1895
Fulton McMahon 1895-1897
L. Duncan Bulkley, M.D. 1897-1911
William R. Sheffield 1911-1913
Charles Otis Kimball 1913-1917
Frederic Haas 1917-1928

Walbridge S. Taft	1928-1929
G. Forrest Butterworth, Jr.	1929-

Served on Board of Governors

John W. Aitken	1883-1890
L. D. Bulkley, M.D.	1883-1929
J. Cleveland Cady	1883-1918
E. E. Chase	1883-1885
Andrew C. Zabriskie	1883-1886
John S. Davenport	1883-1887
George Henry Fox, M.D.	1883-1913
E. C. Hall	1883-1890
Frederic Haas	1883-
F. O. Matthiessen	1883-1887
Chandler Robbins	1883-1884
G. Hilton Scribner	1883-1887
A. H. Smith, M.D.	1883-1887
John F. Scott	1883-1891
Francis A. Stout	1883-1891
Edward Winslow	1883-1905
W. S. Wells	1883-1889
John D. Archbold	1883-1896
Fred H. Gibbens	1885-1892
J. E. Janvrin, M.D.	1885-1907
W. Q. Riddle	1885-1894
George P. Slade	1885-1891
W. W. Ellsworth	1886-1891
John E. Eustis	1886-1929
B. Scott Hurtt	1886-1889
George W. Parsons	1886-1888
William P. St. John	1886-1894
Washington Wilson	1886-1906
H. W. Fish	1887-1888
E. J. Hawley	1887-1891
F. D. Harmon	1887-1902
W. T. Lusk	1887-1892
Reverend L. H. Schwab	1887-1890
Archibald D. Russell	1888-1894
Fulton McMahon	1890-1928
Isaac Iselin	1891-1892
A. Jacobi, M.D.	1891-1908
Hugh N. Camp	1892-1895
George F. Butterworth	1893-1928
Everett Herrick, M.D.	1894-1909
Henry D. Haven	1894-1895

MEDICAL BOARD

For the year 1930

President

Charles Mallory Williams, M.D.

Vice-President

Jerome Kingsbury, M.D.

Secretary

D. Stuart Dodge Jessup, M.D.

Members

Paul E. Bechet, M.D.
Randal Hoyt, M.D.
Robert H. Kennedy, M.D.
Henry H. M. Lyle, M.D.
Albert S. Morrow, M.D.
Chester N. Myers, Ph.D.
Dudley Stetson, M.D.
Binford Throne, M.D.

MEDICAL AND SURGICAL STAFF

Attending Physicians

Paul E. Bechet, M.D.
Dudley Stetson, M.D.
Randal Hoyt, M.D.
Binford Throne, M.D.
Charles Mallory Williams, M.D.
Jerome Kingsbury, M.D.

Associate Attending Dermatologists

(In Charge of Morning Dermatological Clinics.)

Eugene F. Traub, M.D.
Herman Goodman, M.D.

Associate Attending Dermatologists

Else Ann Barthel, M.D.
J. Arnot MacGregor, M.D.
Arthur M. Kane, M.D.
George W. Mellon, M.D.
Emil Knips, M.D.
Francis J. Osborne, M.D.
Oscar K. Lang, M.D.
Ralph N. Tripp, M.D.
William Bayard Long, M.D.
J. Wachtel, M.D.
Laird S. Van Dyck, M.D.

Assistant Attending Dermatologists

William M. Archer, M.D.
Laura Miller, M.D.
Adam S. Borst, M.D.
Charles W. Price, M.D.
Thomas Graham, M.D.
Joseph S. Tennen, M.D.
E. N. Bocanegra Lopez, M.D.
Jesse A. Tolmach, M.D.
Simon P. Brooks, M.D.
Samuel Monash, M.D.

Clinical Assistants

Albert Levenson, M.D.
A. Eugene Donnelly, M.D.
C. T. Chiaramonte, M.D.
Frank E. Cross, M.D.

Director of Cancer Service

Henry Hamilton Moore Lyle, M.D.

Attending Surgeons

Albert S. Morrow, M.D.
Robert H. Kennedy, M.D.

Associate Attending Surgeons

Robert F. Perez, M.D.
Francis M. Donehue, M.D.
John C. A. Gerster, M.D.
Burnett B. Benson, M.D.

Assistant Attending Surgeons

Carloss J. Chamberlin, M.D.
Erich Fricke, M.D.
Leonid Watter, M.D.

Examining Physician in Neoplastic Clinic

Reginald Conklin, M.D.

DEPARTMENT OF CHEMO-THERAPEUTICS

Director

CHESTER N. MYERS, PH.D.

DEPARTMENT OF DENTISTRY

Associate Visiting Dental Surgeon

FREDERICK BIRNBERG, D.D.S.

Assistant Dental Surgeons

JOHN D. BEATTIE, D.D.S.
MORDECAI L. ROBINSON, D.D.S.
G. B. FISCHER, D.D.S.
FERDINAND TUOTI, D.D.S.
HENRY W. O'NEIL, D.D.S.
SIGMUND KASWINER, D.D.S.

DEPARTMENT OF MEDICINE

Director

ARTHUR F. KRAETZER, M.D.

Assistant Attending Physicians

LAURA MILLER, M.D.
THERESA SCANLAN, M.D.

DEPARTMENT OF OTOLARYNGOLOGY

Director

GIRARD OBERRENDER, M.D.

Assistants in Otolarnygology

ARTHUR J. CRACOVANER, M.D.
MARTIN F. STEIN, M.D.

DEPARTMENT OF PATHOLOGY

Director

D. STUART DODGE JESSUP, M.D.

Associate Attending Pathologists

ELSE ANN BARTHEL, M.D.
FREDERICK J. FOX, M.D.

DEPARTMENT OF RADIUM AND ROENTGENOLOGY

Attending Radiologist

HENRY MILES IMBODEN, M.D.

Associate Attending Radiologist

EUGENE F. TRAUB, M.D.

Assistant Attending Radiologist

LAIRD S. VAN DYCK, M.D.

DEPARTMENT OF SYPHILIS

Director of Therapeutics

DUDLEY D. STETSON, M.D.

Director of Neurology

RANDAL HOYT, M.D.

Associate Attending

J. ARNOT MACGREGOR, M.D.

Assistant Physicians

W. BROOKS VANCE, M.D. GERTRUDE JACKSON CHANDLEE, M.D.

Assistant Ophthalmologist

TRUMAN L. BOYES, M.D.

DEPARTMENT OF UROLOGY

Associate Attending

6:00- 7:00	Urology	Mon. and Thurs.

THE FORTY-EIGHTH ANNUAL REPORT

STUYVESANT SQUARE HOSPITAL

FORMERLY THE

NEW YORK SKIN AND CANCER HOSPITAL

NEW YORK

FOR THE YEAR ENDING DECEMBER 31, 1930

President's Message

IT IS my privilege to report to you regarding the operations of our Hospital during the year 1930, which for many reasons has been an unusual year in hospital management. Due to the severity of the depression throughout the country, hospitals have been obliged to do an increased amount of free or part-pay work. Our Hospital is no exception.

Various agencies have brought to the attention of the American public the necessity of consulting a cancer specialist in the early stages of the disease. The American Society for the Control of Cancer has compiled a symposium setting forth the most approved methods of treating cancer. We are very happy to state that we are now fully equipped to carry out any of the various forms of treatment suggested whether it be surgical, X-Ray or Radium treatment.

In our Neoplastic or Surgical Clinic, entirely separated from the other Out-Patient activities, there is a series of cheerful examining rooms as well as an X-Ray Department and radium rooms. The Hospital has received an anonymous gift of an additional gram of radium and the promise that during the next few years three more grams will be added.

Dr. Henry H. M. Lyle, who is in charge of this department, has devoted much time to its reorganization. Dr. Robert H. Kennedy and Dr. Albert Morrow continue as attending surgeons. Dr. John C. A. Gerster, who as you all know, is intensely interested in the cancer problem has recently joined the staff, thereby, increasing the number of associate attending surgeons to four.

As many aspects of the cancer problem fall within the so-called medical field, we have engaged Dr. Reginald Conklin as examining physician. Dr. Conklin is in attendance on all clinic days, and with the assistance of the resident surgeons, submits to the surgeons a detailed history of each case.

Two additional trained medical workers have been engaged to analyze the records compiled during the past ten years. The records are being completely revised and brought up to date. More detailed forms and a modern system of filing is being installed. We hope the next few months will see this work finished—the records fully comprehensible and complete with the follow-up to date.

Many changes and additions have been made in the personnel of our Medical Staff.

It is with sorrow we announce the death on February 19, 1930, of Dr. William P. Cunningham, who had been on the staff since 1910.

We were all greatly grieved on August 3, 1930, to be advised of the death of Dr. J. Francis Aitken, who was at the time of his death a Consultant in Dermatology. Dr. Aitken was beloved and respected by his professional associates, subordinates and patients, and had been associated with our Hospital since 1883.

Dr. Laird S. Van Dyck has been advanced from Assistant Attending Dermatologist to Associate Attending Dermatologist.

We take pleasure in announcing the following additions to our staff:

Dr. John C. A. Gerster, Associate Attending Surgeon.
Dr. Simon P. Brooks, Clinical Assistant.

The Board of Governors desires to take this opportunity to express its deep appreciation of the very able services rendered not only by our Superintendent, Miss Myra B. Conover, but also by her two Assistants, Miss Grace E. Cantello and Miss M. Frances Praught.

Our thanks are also due the following, for their constant attention and interest in the work of our institution:

Dr. D. Stuart Dodge Jessup, Pathologist.
Dr. Chester N. Myers, Ph.D., Chemist.
Mr Harry McGowan, Comptroller.
Mr. John Stoddard, Building Superintendent.

They have added greatly in the improvement and proper management of our institution.

The continued interest of the Rev. Dr. W. B. Magnam in our patients, and his constant attention, thoughtfulness and gifts are deeply appreciated. We are grateful to Dr. Frederick E. Tilly for his interest in our photographic work, and to Miss Florence E. Weinholz who has done so much for the education and assistance in every way to the children who have been obliged to be in the Hospital.

The Board of Governors is indebted to Dr. Charles Mallory Williams, President of the Medical Board, and to the Board itself for their unselfish devotion to the interest of our patients, the betterment of our general management and their coöperation and help toward the more efficient running of our institution.

A debt of thanks is due to Mr. J. Edwards Wyckoff for his consistent and constant attendance to many legal services for us.

The coöperation and courtesy of our many clerks is worthy of a word of praise for their unfailing attention to their duties and to our patients.

The policy of the Hospital has always been to maintain service for worthy persons at reasonable rates. No worthy case has ever been turned away because of lack of funds. The decision of reducing rates or for complete franking is based on the Social Service investigation. This department continues under the able leadership of Mrs. Samuel Adams Clark, who is, as always, unselfishly devoted to the best interests of the work. This aid and coöperation is without question unique in its completeness.

Realizing that the name "Skin and Cancer" was repellent to many of our patients, our Board of Governors has wisely determined to change the name to one which will not only identify us but will definitely locate our institution by being known as the "Stuyvesant Square Hospital, formerly the New York Skin and Cancer Hospital." This name will go with us to our new building, which we hope to occupy some time in the fall of 1932 when the present Lying-In Hospital removes to the Cornell Medical Center.

We quote from a letter received from our Certified Public Accountants in connection with the figures recently audited by them:

General

In the course of our audit we tested vouchers and entries in the voucher register.

All books of original entry were footed. Postings to the General Ledger were checked and the General Ledger was footed.

All payrools were footed and tests of payroll receipts and time cards were made.

Insurance policies were examined and unexpired premiums checked.

The minutes of the meetings of the Board of Governors were read as authority for various transactions recorded on the books.

We note the opening of a new checking account entitled "Operating Funds" and the desire of the Board that no deposits be made therein except transfers from the "General Account," and such transfers not to be in excess of $20,000.00 at one time.

Exhibit "B" shows a net deficit for the year of $45,024.63 which is less than last year's deficit by $19,658.35. This decrease in the deficit is briefly summarized as:

Decrease in Cost of Operations	$12,155.42	
Increase in Donations, Interest, etc.	8,496.78	
		$20,652.20
Offset by Decrease in Hospital Income		993.85
Net decrease in deficit—1930 over 1929 (Exhibit "B")		$19,658.35

Respectfully submitted,

(Signed) Patterson & Ridgway,
Certified Public Accountants.

Well equipped hospitals rank high as community assets and merit the support of all who are able to contribute to their maintenance or add in any way to the cheer and comfort of those who seek their services. Those afflicted with cancer or skin diseases have a right to

expect at a hospital, competent and carefully selected physicians and surgeons. To aid the doctors in their work the Stuyvesant Square Hospital, through the generosity of its friends, furnishes adequate equipment and highly specialized laboratories—it aims to supplement these with skilled nursing, appropriate food carefully prepared as well as a kindly service of flowers, books and magazines.

May we take this opportunity also of expressing to our very many friends our deepest gratitude for their contributions and annual donations and other help rendered which has made it possible for us to carry on in this way. In conclusion I wish to extend to our Board of Governors, to our various officers and entire staff, my deepest appreciation for their coöperation, their help and their devotion to the interests of our Hospital which will now be known, at the close of 1930, as the "Stuyvesant Square Hospital."

ANCELL H. BALL, *President.*

REPORT OF THE MEDICAL BOARD

The year 1930 witnessed the continuation of the great progress made by the Hospital in 1929. The increased attendance in all its departments reflects public confidence. This confidence is most gratefully appreciated, and should prove an incentive to still greater efforts on our part to serve the horde of sufferers applying for relief. The executive management of the Hospital remains on its usual high plane, thanks to the unselfish devotion of the President of the Board of Governors, as well as each and every member of it. They have handled the heavy problems of hospital management so skillfully, that they merit the highest praise.

Without cavil, the Out-Patient Department for Skin Diseases, can still claim preëminence over all other departments, for 128,746 consultations were given during the year; a fact to which it can point with pride.

The Dermatological Department

From its Out-Patient Department, 217 patients were admitted to the wards. The total number of hospital days were 5,980. The comparatively small number of admissions is due in great part to the reluctance of the patient to leave his or her work, unless totally incapacitated by their skin disease.

As usual, the work in this department, showed an increase. There were 29,597 new patients, and 99,149 revisits. The total number of consultations were 128,746, an increase over 1929 of 452 new cases, 4,998 revisits, and 5,450 consultations. While this increase was not as marked as that of 1929 over 1928, it is still very satisfactory, particularly in view of the general social unrest, and unemployment during the year.

Considerable original work was done by the members of the Medical Staff, besides that specifically mentioned in the report of the Special treatment and Research Clinic. Many rare and interesting skin diseases were exhibited at the various dermatological societies, and papers read at dermatologic conventions throughout the country. One invitation accepted, was from Montreal.

Eight meetings of the Clinical Society were held during the year, at which fifteen papers were read, and forty-eight cases presented. Many of the papers were accompanied by lantern slide demonstrations.

Special Treatment and Research Clinic

During the year, the study of eczema, psoriasis, lichen planus and urticaria was continued; in addition to these diseases, special investigations in alopecia areata, the relationship of tuberculosis as shown

by the blood-complement fixation test to dermatological conditions with special reference to acne and lupus erythematosus was studied.

The influence of retention of lead in skin diseases especially in eczema, acrodermatitis, chronica atrophicans and scleroderma was added to similar investigations of arsenic retention in these diseases.

The efficacy of the method of Ravaut in the treatment of mycotic infections of the skin was investigated and it was found to be of great value in the treatment of deep seated ringworm infections of the beard.

The relationship of carbohydrate and fat metabolism in xanthoma tuberosum and in xanthoma diabetocorum is being studied and will be reported when completed.

The proteose desensitization method of Barber and Oriel has been started. At the present time, it has not been found to be of much value.

Systematic skin testing in the industrial dermatoses has been instituted and desensitization methods based on these tests are being carried out. The results are very encouraging.

Glucose tolerance tests have been carried out in order to ascertain if a carbohydrate sugar in the form of its alcohol could replace ordinary carbohydrate in diabetic patients. These experiments indicated that this substance was too dehydrating when used in sufficient amount to serve as a replacement in diabetic diet.

Experiments with the treatment of chronic urticaria have been undertaken, making a study of the calcium phosphorus ration. The use of metabolic extracts various trichophyton fungi in the diagnosis and treatment of such infections of the skin has been studied thoroughly. The results obtained have been extremely good. A paper based on this study has been prepared and will be published in the near future.

The following papers based on the work of this clinic have been published:

Basal Metabolism in Dermatological Conditions; Drs. Throne and Myers. *New York State Journal of Medicine,* March, 1930.

Arsenic Findings in Eczema and Allied Conditions in Infants and Young Children; Drs. Van Dyck, Throne and Myers. *Archives of Pediatrics,* April, 1930.

Antimony in Medicine, Drs. Myers and Throne. *Journal of Laboratory and Clinical Medicine,* December, 1930.

Erythema Annulare Centrifuge; Drs. Graham and Throne. *Archives of Dermatology and Syphilis,* November, 1930.

In addition to the articles published, the following papers were read:

Antimony in the Treatment of Leprosy; Dr. Kingsbury. Discussed by Dr. Myers. Meeting N. Y. State Medical Society.

Alopecia Areata, Its Relation to Chronic Metal Retention. Drs. Feit, Throne and Myers. Read by Dr. Feit at the International Dermatological Congress at Copenhagen.

Medico-Legal Aspects of Chronic Metal Poisoning; Dr. Myers. With discussion by Drs. Throne, Kraetzer and Van Dyck. N. Y. Society of Medical Jurisprudence.

The daily average attendance was 257. The total biochemical analyses made were 35,103.

The Cancer Department

Continued steady progress has characterized this department during the year 1930. The outstanding feature has been the opening of the Neoplastic Clinic in considerably enlarged and more convenient space. Through a separate entrance from the street one enters a commodious, attractive waiting room with a registrar and a historian in attendance. Behind this the passageway leads to a record room, an examining room, a dark room for transillumination of the breast, two operating rooms fitted for minor cases, dressings and extensive examination and four cubicles for use during radium treatment. New patients are examined during the morning, and patients needing dressing return in the afternoon. The professional personnel has been increased so that patients are handled with efficiency and without undue waiting. The mental reaction of the patient presenting himself for examination and possible hospital admission is much better than when it was necessary for him to join the long lines waiting for registration in the Dermatological Clinic.

The surgical wards of the hospital have cared for 771 patients during the past year. These remained in the hospital for 7,496 days, an average stay of approximately ten days. Eight hundred and fourteen operations were performed. In the Neoplastic Clinic 3,060 patients presented themselves and there were 7,370 revisits, making a total of 10.430 visits, an increase of over 10 per cent over the previous year. There were 570 clinic operations performed. This is considerably less than the previous year due to the fact that tumor patients only have been accepted for these minor operations, whereas previously much general minor surgery was done. A Follow-Up Clinic was held eleven times during the year with a total attendance of 1,695 patients. This is 552 more than the previous year, an increase of 48 per cent.

A unit history system has been installed, entailing a tremendous amount of clerical work and professional supervision in making the change in charts of former patients. This system places in one folder all data concerning a patient from the time he presents himself for examination as long as he lives, if he proves to be a cancer sufferer. That is, the history, physical examination, all operations whether on one or several admissions, all pathological reports, X-Ray and radium data, photographs and follow-up statistics are readily available for

study. This assures the patient more thorough and comprehensive treatment.

The use of avertin as an anæsthetic administered rectally has proved quite satisfactory and is extensively used in the shorter operations on cancer patients.

The delivery of additional radium during the past year brings our supply up to approximately 1,200 milligrams. Naturally this has made possible the considerably wider use of radium in suitable cases.

The Social Service Department is coöperating excellently for better cancer treatment. Patients are often advised to have an operation and do not return. This is frequently due to the fact that they present themselves at our clinic for checking up on some similar advice given by their private physician or some other hospital. These patients are visited by a social service worker to assure us that they receive treatment somewhere, even if they do not return here. We believe that a patieent with proved cancer should never be dropped from our follow-up files as long as he lives. This entails much labor for the social service workers as it is difficult to keep track of a patient who, following an operation or radiation treatment, feels perfectly well for several years. In case of death the department makes every effort to learn whether this was connected with the previous malignancy. It is self-evident that with such a program, the work required of the Social Service Department increases with each patient admitted. Without such persistent follow-up, we can never know what we are actually accomplishing in attempting to meet the cancer problem.

Other Departments

In the Dental Clinic 1,612 patient were treated.

In the Radium and Roentgenological Department, 347 patients received 410 Radium treatments, and 2,288 patients received 7,188 unfiltered X-Ray treatments, and in 1,036, the treatments were filtered. Eight hundred and fifty-three were examined both fluoroscopically and with radiographs. The work in this department shows a very great increase over the previous year.

In the Rhinological and Laryngological Department, 1,891 patients were treated.

The Syphilis Department did splendid work. A total of 16,933 visits were made.

The Medical Clinic, of great value to the Dermatological Department, treated 1,510 old and 1,087 new patients, a total of 2,597.

In the Urological Clinic, 7,714 patients received treatment.

In the Photographic Department, 482 lantern slides, 3,315 negatives, and 7,525 prints were made; thereby adding many photographs to our already large collection of rare and interesting dermatoses.

The work of the Pathological Department has proved of the greatest value.

The Director and his assistants have made unremitting efforts to be of assistance to all of the Medical Staff.

The Medical Board is very grateful to the Board of Governors, and Miss Conover, the Superintendent, for their unfailing courtesy and willingness to help. It has proved most heartening in the management of the thousands applying for relief.

The Board is not unmindful of the splendid work done by their various staffs of assistants, and wish to take this occasion to tender them their grateful thanks.

Coöperation has seemed to be the watchword of the many different departments of the Hospital, and it is of good augury for its future.

Tabulated statistical reports, showing the activities of the different departments follow.

PAUL E. BECHET, M.D.,
Committee on Annual Report.

FINANCIAL STATEMENT

(Excerpts from report on audit by Messrs. Patterson and Ridgway, Certified Public Accountants.)

INCOME AND EXPENSES

For the Year Ended December 31, 1930

OPERATING INCOME:		
Hospital Income:		
Board of Patients:		
Private Rooms		$2,679.00
Semi-Private Rooms		6,847.00
Ward		22,399.35
		$31,925.35
Operating Room and Anæsthesia		8,175.00
Board of Special Nurses		281.50
Service Charges—X-Ray, Dental, etc.		1,934.55
Total Hospital Income		$42,316.40
Interest from the Investment of Capital Funds		39,948.99
Dispensary Income:		
X-Ray and Radium Work	$22,244.50	
Extras, Dressing, Surgical Treatments, etc.	8,332.85	
Sundry Treatments and Urological Work	58,592.60	
Sale of Drugs	35,037.40	
Fees for Cards and History of Cases	54,046.55	
		178,253.90
Interest on Bank Balances		1,286.11
Discounts, Sale of Scrap, etc.		1,032.92
Total Operating Income		$262,838.32
OPERATING EXPENSES:		
Salaries and Wages	$241,495.38	
Supplies and Expenses:		
Care of Patients	10,302.86	
Dietary	22,586.37	
Housekeeping and Laundry	6,141.69	
Clinics	33,200.81	
Pharmacy	1,955.01	

Laboratories and Photography	$2,926.50	
Maintenance of Building and Equipment	13,641.92	
Heat, Light and Power	10,346.88	
Administration	4,537.83	
Insurance	4,053.78	
Legal, Financial and Auditing	1,536.00	
Interest on Mortgage	1,375.00	
Miscellaneous	6,588.66	
Total Operating Expenses		$360,688.69
DEFICIT FROM HOSPITAL OPERATIONS		$97,850.37
Contributions for Current Operating Requirements:		
Donations for General Support	$47,605.62	
United Hospital Fund	5,220.12	
		52,825.74
DEFICIT TRANSFERRED TO SURPLUS ACCOUNT		$45,024.63

Other contributions, legacies, etc., made for purposes of investment, to obtain income available for current requirements, were $143,938.56.

In Memoriam

"In the death of Dr. William P. Cunningham on February 19, 1930, the New York Skin and Cancer Hospital has lost a faithful and devoted member of its Medical Staff.

"Dr. Cunningham was an Associate Attending Physician, and served the Hospital for approximately twenty years. He was always most punctual in his attendance, and very conscientious in his work.

"Dr. Cunningham was a splendid clinician, and his many lovable traits endeared him to his coworkers, he will be greatly missed by them and ever held in affectionate memory. Therefore be it

"*Resolved,* That in the death of Dr. William P. Cunningham the Medical Board of the New York Skin and Cancer Hospital attests the appreciation of the man and his services to the Institution. Be it further

"*Resolved,* That a copy of these resolutions be sent to Mrs. Cunningham and this copy spread upon the minutes of the Medical Board."

In Memoriam

"In the death of Doctor J. Francis Aitken on August 3, 1930, The Medical Board of the Hospital has lost a man loved by each and every member of it.

"Doctor Aitken was born on October 28, 1851, and was graduated from the Bellevue Medical College on March 14, 1883. He was the first House Physician at the New York Skin and Cancer Hospital, serving from December 1, 1883 to December 1, 1884, and on the Hospital staff from 1884 until a few years before his death, when ill health caused his retirement to the position of Consulting Dermatologist. In all these years Doctor Aitken served the Hospital faithfully, and unselfishly. No member of the staff could have given more devoted service. His example served as a guiding beacon to the men working with him.

"His reputation as a clinical diagnostician was surpassed by none. Doctor Aitken was also an Attending Dermatologist at Bellevue Hospital where he served 25 years, but it was to the New York Skin and Cancer Hospital that he was most devoted. Therefore be it

"*Resolved,* That in the death of Doctor J. Francis Aitken the Medical Board has lost one of its oldest and best loved members, and the Hospital a lifelong friend. Be it further

"*Resolved,* That these resolutions be spread upon the minutes of the Medical Board, and a copy of them be sent to Mrs. Aitken, his lifelong companion."

Sarcoma (general type)	6
Uterine fibroids	1
Total	159

Number of patients treated by unfiltered x-rays	2,129
Number of unfiltered x-ray treatments	7,188
Number of filtered x-ray treatments	1,036
Number of radium treatments	410
Number of x-ray observations	2,056
Number of radium observations	1,398
Number of patients examined by radiography (and fluoroscopy)	418
Number of radiographic (and fluoroscopic) examinations	435

SURGICAL FOLLOW-UP

1930

Notices sent	4,437
Attendance	1,695
Replies received	120
Wrong addresses	164
Patients referred to Surgical Clinic	22
Patients referred to Skin Clinic	8
Patients referred to the Hospital	110
Patients referred to the Dentist	17
Patients referred to X-Ray Dept.	44
Patients referred to Nose and Throat Dept.	7
Patients referred to Medical Clinic	9
Patients referred to G. U. Clinic	1
Patients to be photographed	2
Deaths reported	56
Non-malignant cases discharged as cured and Basal cell epitheliomas attending clinic over period of four years without recurrence	64

Owing to the fact that the first Sunday in July followed Independence Day, there was no follow-up clinic in that month.

During the year there were 11 follow-up clinics with an average attendance of 11 physicians.

ANNUAL REPORT OF G. U. CLINIC

For the year ending the last day of December, 1930

Number of New Patients admitted to the Department	461
Number of Revisits (Old Patients)	7,253
	7,714

Diagnosed as follows:

Acute Prostatitis	10	Lues	31
Acute Urethritis	96	Papilloma of Bladder	1
Acute Vesiculitis	10	Paraphimosis	1
Balanitis	15	Phimosis	5
Chronic Prostatitis	113	Prostatic Hypertrophy	7
Chronic Urethritis	66	Prostatic Calculus	3
Carcinoma of Bladder	4	Prostatic Abscess	3
